

Money Morality: Gratitude with a Conscience

Life Steps | November 21 & 22, 2015

Definition:

Gratitude is a disciplined intentional awareness and trust in God's goodness and presence. Daily reflect on these Psalms, reflecting on what you can do/stop doing to live a life of gratitude. Record responses in your journal. How will you demonstrate trust in God's goodness and presence in your daily life? What new discipline or practice can you intentionally begin? What do you need to stop thinking or doing?
