

Holy Spirit : Our Calling

Life Steps | May 21 & 22, 2016

Day 1

1 Kings 19:1-18

God speaks to Elijah in a still, small voice. How has Elijah prepared to hear this voice? What part does rest and health play in our ability to talk with God? What can you do to make space to listen and respond to God's voice?

Day 2

1 Corinthians 2:1-16

God gave us scripture so that God's word could speak to us. Describe the wisdom of the world verses God's wisdom. How does knowing the word help us understand the Spirit of Wisdom?

Day 3

Romans 1:18-20

Creation is designed to help us hear and see God. How does creation speak to you? How was the Spirit involved in creation? How have you seen the Holy Spirit revealed in creation today?

Day 4

Numbers 22:21-35

Balaam faced roadblocks in trying to curse Israel, but today's circumstances can be roadblocks or opportunities. When were you blocked repeatedly for no visible reason? Was this attributed to God speaking or the enemy's attack? How can roadblocks vs. faith opportunities be distinguished?

Day 5

Philippians 4:4-9; Romans 8:26-27

Prayer is a direct way to be in the Spirit to communicate with God. How can we pray when we don't know what to pray? How is silence important in prayer? Are we changing God, or is God changing us? What will guard our hearts and minds as a result of effective prayer?

Day 6

Joel 2:28; Acts 2:17-21

The Spirit can speak through people, prophets or shared wisdom, and visions or dreams. Describe a God inspiration/vision/dream you've seen or had. When has God used a person to speak God's word to you or used you to speak?

Day 7

Ephesians 5:15-20

Worship, including music and dance, is used to communicate with God. How and why would demonstrative forms of worship fill us with the Spirit and help us communicate with God? How can you use music more to commune with God?
