

NEW PATH

Monday | John 1:35-40

“She had a reputation with guys when she was younger and got used by many but that’s not who she really was.” A mom spoke those words about her daughter when we were planning the funeral for her 30 year old. Who she was and who she turned out to be were polar opposites. As a young adult she began a walking on a New Path with Jesus. The path of grace was clear, simple, challenging and satisfying. The last several years of her life was spent helping other women who had traveled a similar path. She also helped lead fund raisers for unwed mothers, veterans, the homeless and people in need she had heard about on Facebook. She found life when she allowed Jesus in, stepped outside of herself and built a relationship with others so they too could find the path to life.

John recognized Jesus and pointed him out to his disciples so they could follow the Savior of the world. John was a guide. Jesus is the pathway to life. When we look for our worth in anyone but Jesus, we are bound to be disappointed. Jesus is the way, the truth and the life. (John 14:6)

PRAYER: God, help me to follow Jesus on the path of life and give me the love and courage to invite others to walk with me.
