

FOLLOW GOD'S PATHWAY

Thursday | Isaiah 55:1-9

Many years ago in the time of Isaiah Israel had turned away from God. No doubt much like today the people were drawn into things of the culture and the 'busyness' of life. They were focused on the here and now of work, family, and taking care of stuff. In this passage we see the Lord calling back His people to focus on the things that are important. He is lovingly reminding them that only He can provide joy, peace and long-lasting satisfaction in their lives. He is declaring that His wisdom surpasses all, and because of that, He knows what is best for us.

The challenge is to recognize what is getting in the way of our everyday relationship with God and then to take the steps needed to get back on the pathway God has for us.

PRAYER: God help me recognize the roadblocks in my life that are keeping me from you. Give me the wisdom to know my next steps and the strength to make those changes that will draw me ever closer to you.
