

2 Timothy: Word Rules

Life Steps | August 4 & 5, 2018

Monday

Luke 6:43-45

Draw a large heart in your journal with the words Heart Check above it. Begin your time with God every day this week by writing words in the heart that best reflect your spoken and posted thoughts from the past 24 hours. Listen to "Here's My Heart Lord" at least once every day this week.

Tuesday

2 Timothy 2:14-19

Heart Check, see Monday. Review your message notes. What is your most significant take away from our "word study?" Why?

Wednesday

2 Timothy 2:23- 26

Heart Check. What are some of the "foolish and stupid arguments" you have been sucked into lately? Identify the issues or people that tempt you to take the bait and engage in a quarrel. Why do you think you react the way you do to these particular issues or people? Pray for the wellbeing of these people.

Thursday

James 1:19-27

Heart Check. Reflect upon verses 19-20. Where in your life do you sense God instructing you to apply the wisdom of these verses? What might be the impact if you practice this wisdom? Read verse 26. Rewrite this verse using modern language or current context.

Friday

2 Timothy 2:25-26/Ephesians 4:29

Heart Check. Honest assessment, in your conversation and online posts, do you care more about being right or kind? Do your words more "build others up according to their needs" or to accomplish your own agenda? Do your words more instruct gently or gruffly? Give examples.

Saturday

John 1:14,29/Revelation 5:5-6;7:17

Heart Check. How has Jesus been both lion and lamb in your life? How has Jesus spoken both grace and truth in your life? How would others describe your tone when you are speaking truth into their lives?

Sunday

2 Timothy 2:3-4

Review your week's Heart Check work. How has your heart and words not represented and represented well your Commanding Officer? Reflect and journal how these words might have impacted others in the past week.
