

Stronger: Marriage

February 15 & 16, 2020

Monday

Galatians 5:13-26

Test yourself on each fruit of the Holy Spirit listed in verses 22-23. Can your spouse/friends sincerely use these words to describe you? What needs to change so you are demonstrating each of these fruits?

Tuesday

Psalm 90

The Psalmist reminds us that our days on this earth are short. No relationship gets stronger accidentally over time. Who gets the best of your time and energy? How will you invest in memory making in your key life relationships? What scary questions will you ask today? See notes or the pathway facebook page as needed.

Wednesday

John 5:1-15

Identify any lingering hurt, habit or hang up in your heart, mind, soul or body that needs some healing attention. How is this issue impacting your relationship? Name all of the healthy people in your life to whom you can reach out for support and encouragement. What is your next step toward resolving any issues?

Thursday

Proverbs 5: 1-23

How would you assess the health of your marital or current dating relationship? Do you feel like your marriage/friendships have healthy boundaries with others? Explain. If single, what boundaries do you have in place to protect your fidelity and your relationship with God?

Friday

Matthew 18:21-35

What does forgiveness mean to you? Why is forgiveness important in our relationships? Would your spouse/friends call you an expert forgiver? Explain.

Saturday

Matthew 22:23-40

If married, substitute spouse for neighbor in your reading. How well are you loving your spouse/friend/neighbor? If you are the only hands and feet of Jesus your spouse/friend/neighbor ever experiences, what will be their view of God? Action steps?

Sunday

Hebrews 13:1-18

What comforts you from this passage? What challenges you?
