Life Steps

Big Picture: Where am I going? | July 27 & 28, 2024

Monday

Genesis 1:1-31

Reflect: From the very beginning, the purpose of God is made known. God creates with purpose. We are called to live with purpose as well. As you think about writing your own mission statement, what does it mean to you to live life on purpose rather than by accident?

Prayer: God of purpose and design, show me your will for my life.

Tuesday

John 6:35-40

Reflect: Jesus was very clear on his big picture, and nothing would take him off course. What are some aspects of Jesus' mission statement that speak to you? How might this influence your own mission statement?

Prayer: God of purpose and design, show me your will for my life.

Wednesday

John 10:10

Reflect: This verse gives another view into Jesus' mission statement. Notice how his purpose is always outward-focused. What are some things beyond yourself that naturally get your attention? How might that be a part of your mission statement?

Prayer: God of purpose and design, show me your will for my life.

Thursday

Proverbs 16:9

Reflect: As you continue to think through your mission statement, take a moment to reflect on your past. Think about a season where you can see now that God was directing your steps through it all. What did this season teach you about God's call on your life?

Prayer: God of purpose and design, show me your will for my life.

Friday

Jeremiah 29:10-14

Reflect: The plans God has for you involve a relationship with him. How might your mission statement point to the glory of God?

Prayer: God of purpose and design, show me your will for my life.

Saturday

Exodus 3:1-12

Reflect: God's picture for Moses involved moving away from comfort and towards purpose. As you think about God's picture for you and your mission statement, where are some places you think God may be directing you towards that would create discomfort for you?

Prayer: God of purpose and design, show me your will for my life.

Sunday

Psalms 150

Reflect: Ultimately, the big picture God is leading us all to is a picture of unified praise of God with all of creation. As you prepare for worship today, think of this morning as a glimpse, a small window, into the ultimate Big Picture God has for all of us.

Prayer: God of purpose and design, show me your will for my life.
